

New Provider Orientation Instructions

Welcome to the Integrated-ActivHealthCare (I-AHC) network. We want you to get the most out of your membership. With that in mind, we have put together this instruction page to ensure that you and your office staff are aware of what we offer and how to take full advantage of it.

Responsibilities:

I-AHC is responsible for:

- Marketing the I-AHC to other networks so you can get more patient access;
- Maintaining a website that will provide network information for you;
- Providing responsive customer service to help you with network issues or questions; and
- Providing efficient claims service, when applicable, to meet member and client needs.

You are responsible for:

- Notifying your CA and staff about your relationship with I-AHC;
- Accessing information on the I-AHC website and sharing it with your CA;
- Downloading and reviewing the I-AHC Provider Manual, term summary sheets, frequently asked questions and other information that will help you take full advantage of the network; and
- Contacting I-AHC, either by phone or e-mail, when you have questions, suggestions or comments.

Network Resources:

Now is the time for you to visit our website and access Network Resources. You will need to agree to the confidentiality agreement and register for a password. It is accessible to member only.

Under Network Resources you will be able to access a great deal of information, including:

- Term Summary Sheets – these are actually part of your provider agreement
- Network Affiliates List – this also has instructions on where to file claims
- Fee Schedules
- Provider/CA Manual
- EDI information and forms

We suggest that you print the materials and place them in a binder for easy access by your CA. Please be sure to provide your CA with the Provider Manual and Network Affiliates list.

Newsletters, e-mails and mailings:

I-AHC will publish newsletter, send e-mail and mail information to its members. Please be sure to share this information, when applicable with your office staff. Our preference is to use e-mail to send you information. It is much faster, easier and less expensive. Please be sure to share the e-mails with your staff so they can stay informed. Newsletters will also be posted on the website for future reference.

EDI:

If you have an interest in EDI, we provide training materials available on the website or a CD upon request. If you need more information, please email EDI@I-AHC.net.
